IMAGINE UBC 2024 ORIENTATION LEADER – Faculty of Science

<u>Imagine UBC</u> and the University's first year transition programs serve as new students' formal welcome to the University, an invocation to the learning community they have joined. Imagine UBC helps students begin to find and build a community at UBC, feel supported from their first day on campus and through their first year, and provides a beginning to a learning experience that will challenge, stimulate and prepare them to achieve their goals, use their strengths and meet the challenges of our local and global communities.

The campus-wide implementation of Imagine UBC is coordinated through the Centre for Student Development and Leadership within the Vice President, Students' portfolio. Within the Faculty of Science, we work closely with these colleagues and other staff, faculty and students from across the University in the development and implementation of the program, with specific intention around the programming that we develop for UBC Science students.

The Imagine UBC Orientation Leader position plays a crucial role in the delivery of UBC Orientations, through communicating with a cohort of new-to-UBC students throughout the summer, and by providing direct peer support to this group on Imagine UBC (September 3rd, 2024) through to mid-October.

This role will take place in person in September 2024. During the summer of 2024, you may participate in this role virtually. The delivery of orientations programming and this role may change. If you have questions about what this might look like, please contact us.
