Strategic Content Learning Guidelines

1. Being Matched: tutor matches are based on availability of tutors and the date of submission of your request. You will be eligible to work with your tutor until the end of Term 2, regardless of date of request.

2. Professionalism: the tutor-client relationship is expected to be a mutually respectful working relationship that follows the principles within UBC’s Respectful Environment Statement.

3. Commitment: Tutors and students are expected to work together on a weekly basis and communicate regarding schedule changes or cancellations.

4. Academic Integrity: Academic Integrity guides what work tutors can and cannot do, such as proofreading, editing, or approving work handed in for grades. All UBC students are expected to understand and uphold academic integrity.

5. Tutoring Appointments: Tutoring must take place in-person, on campus in public spaces. Inappropriate locations are private residences, closed offices, licensed establishments.

I have read and agree to the terms above. I understand that violating any of these terms may result in a review of my participation in SCL tutoring.
