

Position Description: Volunteer Co-Director (One Position)

2025 MURC Planning Committee

Deadline for Applications: Sunday, July 7 at 11:59 PM (PDT)

CONFERENCE SUMMARY

The Multidisciplinary Undergraduate Research Conference (MURC) is a conference for UBC undergraduate students to showcase their research in front of their fellow UBC students, family, and friends. Since its inception in 2003, the conference has been entirely undergraduate student-led and undergraduate student-centered, providing the UBC community with a unique platform to showcase and celebrate undergraduate research through presentations, workshops, and keynote speakers.

Student researchers can participate in one of three ways - in-person presentation, in-person poster, or virtual presentation, with exemplary presentations given recognition at the end of the conference. Other students, including graduate students, can support the conference as volunteers or adjudicators.

This year, MURC will take place in-person, with an online component, on March 15, 2025. Presenter registration for MURC 2025 will begin in November 2024.

WHY JOIN THE MURC PLANNING COMMITTEE?

Being a part of the MURC Planning Committee is an opportunity for professional growth and the development of a strong UBC community network. Participating in this committee provides an opportunity to enhance the student's project management, event planning, public outreach, leadership, communication, and team collaboration skills. Past committee members have indicated the positive team environment as their most memorable experience and project management, event planning, leadership, and communication as key areas of professional development during their time on the committee. Through team building within the committee, the student will develop a leadership skill set based in co-creation, partnership, and intentional communication. The planning committee members are central figures in the planning and implementation of the conference, providing the student the opportunity to identify areas of professional interest.
