Score of 1	Resources, timelines and goals are unfeasible and unrealistic.	Relationship does not appear to be balanced. CP role is unclear. Proposal lacks consideration for meaningful and respectful interaction with community.	Objectives are vague and disconnected from the goal(s) identified.	Statements expressed are not true learning objectives. Applicant does not demonstrate understanding of the grant as a learning opportunity.	Expenses contain multiple errors, lacks detail or thoughtful consideration of project needs. Budget is unrealistic.
Score of 2	Resources, timelines and goals require adjustments.	CP relationship is vague. Roles and responsibilities for each partner/actor are unclear/undefined.	Objectives are outlined but not well scoped. Connection between goal/vision and objectives is unclear/vague.	Learning objectives are unclear or unrealistic, not connected to project objectives.	Expenses are improperly estimated, vague or unnecessary. 1-2 areas are unrealistic and require improvement.
Score of 3	Project feasibility outlined although may require small adjustments.	Proposal outlines partnership clearly with roles and responsibilities outlined. Mutual benefit requires minor elaboration or clarity.	Proposal articulates clear goals and project objectives, but needs to outline with greater clarity a plan for accomplishing these goals.	Realistic learning objectives. Some clarity needed to connect them to project objectives.	Budget is accurate and comprehensive. Small/ minor adjustments required. Budget connected to project objectives.
Score of 4	Project is achievable and resilient.	Mutual and balanced relationship articulated. Clearly outlines key activities performed by each actor. Clearly outlines community partner collaboration.	Project goals, audience and activities are aligned, clear demonstration of the value of this work with this audience.	Robust and realistic learning objectives. Demonstrated understanding and commitment to grant as a learning opportunity.	Budget is precise and comprehensive. References other resources that will be leveraged. Budget aligns with and maps resource input to achieve project objectives.
