

Position Description: Logistics and Programming Co-Directors (Two Positions)

2026 MURC Planning Committee

Deadline for Applications: Sunday, July 6 at 11:59 PM (PDT)

CONFERENCE SUMMARY

The Multidisciplinary Undergraduate Research Conference (MURC) is a conference for UBC undergraduate students to showcase their research in front of their fellow UBC students, family, and friends. Since its inception in 2003, the conference has been entirely undergraduate student-led and undergraduate student-centered, providing the UBC community with a unique platform to showcase and celebrate undergraduate research through presentations, workshops, and keynote speakers.

Student researchers can participate in one of three ways - in-person presentation, in-person poster, or virtual presentation, with exemplary presentations given recognition at the end of the conference. Other students, including graduate students, can support the conference as volunteers or adjudicators.

This year, MURC will take place in-person, with an online component, on March 21, 2026. Presenter registration for MURC 2026 will begin in November 2025.

WHY JOIN THE MURC PLANNING COMMITTEE?

Being a part of the MURC Planning Committee is an opportunity for professional growth and the development of a strong network among UBC students and faculty. Participating in this committee provides students an opportunity to enhance their project management, event planning, public outreach, leadership, communication, and team collaboration skills. Past committee members have indicated the positive team environment as their most memorable experience, and project management, event planning, leadership, and communication as key areas of professional development during their time on the committee. Through committee team building, students will develop a leadership skill set based on co-creation, partnership, and intentional communication. The planning committee members are central figures in the planning and implementation of the conference, providing the student with the opportunity to identify areas of professional interest.
